Hi Annie, Stacey, and Della,

I am prosecuting the above-referenced case. The drug certifications that I have in the file show that you analyzed three samples, found to be cocaine, at the William Hinton State Lab Institute in Jamaica Plain. The three lab numbers are [REDACTED]  
[REDACTED]

Can you please send me the corresponding drug file folder packets? This case is on for Jury Trial on February 7, 2012. If there is anyway that you could send them out as soon as possible so that I can turn them over to defense counsel at least two weeks before trial?

Our office will be sending out summons to you all shortly but please let me know if I could get away with only calling 1 or 2 of you at trial. Annie, it looks like you signed all three but I want to be sure that you worked on each sample – as each is the basis for a separate count.

Thanks so much and please do not hesitate to contact me with any questions or concerns.

Regards,  
Josh
